

Indoor/VeriShade XT™

VeriShade XT™

Timeless style and simplicity that works for every room in your home.

Weathermaster®

VeriShade XT™ - Wand Operation

VeriShade XT™

A contemporary take on a classic window covering, Weathermaster® VeriShade XT™ combines the versatility of a vertical blind with the elegant appeal of a soft window furnishing. Featuring the premium Weathermaster® EDGE Vertical Track system and soft VeriShade XT™ fabric, the Weathermaster® VeriShade XT™ collection provides the perfect balance of style, durability and child safety features to complement any home interior style and living needs.

A Stylish Statement

Take advantage of beautiful light control with Weathermaster® VeriShade XT™. The individually curved fabric vanes feature an alternating light filtering and room darkening fabric panel. When opened, enjoy daytime privacy with a soft view.

Functional Design

For seamless indoor-outdoor living, conveniently walk through the individual fabric vanes whether they are opened or closed. Free from noisy connecting chains and bottom weights, Weathermaster® VeriShade XT™ operates quietly and softly settles back into position.

Flexible Light Control

Easily adjust the level of privacy and light to suit your requirements by rotating the fabric vanes to angle the amount of light entering the room. For room darkening, close the shades completely.

Wide Application

Weathermaster® VeriShade XT™ is perfect for large windows & sliding door applications as they

can neatly stack to the left, right or split stack for an unobstructed view or complete access to the doors.

Fabric Benefits

Made from 100% polyester, VeriShade XT™ fabric features durable properties such as Ultra Violet (UV) protection to help preserve the fabric and home furnishings from fading, as well as dust resistant properties for easy maintenance.

Child Safety

Designed with child safety in mind, Weathermaster® VeriShade XT™ fabric has no connecting bottom chains or weights, providing a safer home environment for children and pets.

Stack Options

To suit your light, glare, heat and privacy needs

Left and right stack

Weathermaster® VeriShade XT™ is perfect for large windows & sliding door applications as they can neatly stack to the left or right.

Split stack

Split stack for an unobstructed view or complete access to the doors.

Operating systems

VeriShade XT™ feature the EDGE Vertical hardware system and operating options for ultimate performance, durability and smooth control. Available with two options: Chain and Cord or Traversing Wand.

Chain & Cord

Featuring a heavy duty beaded chain, simply rotate the fabric vanes to the desired position, or use the cord to stack the shade.

Traversing Wand

For a cordless and enhanced child safe solution, opt for the Traversing Wand operation. Using just one hand, simply rotate the fabric blades and draw the vanes across.

Features & Benefits

Featuring alternating opacity fabric folds

Opacity

Featuring alternating opacity fabric folds: light filtering when opened or room darkening when closed.

Colour Range

The Standard fabric range is available in 6 colours. The Mist fabric range is available in 7 colours. The Luxury fabric range is available in 8 colours. The Eclipse fabric range is available in 6 colours. The Provincial Linen fabric range is available in 6 colours.

Dirt Resistant

Treated to effectively repel dust and grime for easy maintenance.

UV Protection

UV stabilised fabric material features an Ultraviolet Protection Factor (UPF) of 50+.

Fabric Options

Available in a range of stunning fabrics

Standard

With a modern mesh and geometric fabric texture, the Standard range is sure to add dimension at the window. Consisting of 6 on-trend and versatile colours, the Standard range is reflective of the current interior design trends.

Mist

A beautifully understated fabric range, Mist offers a timeless and soft net pattern sure to draw the eye in any room setting. Incorporating neutral and monochrome tones inspired by modern interior design, the range is available in 7 colours.

Luxury

The Luxury fabric range draws upon organic elements to create a unique vertical texture on the fabric vanes. The sophisticated and subtle texture creates a statement in an interior setting and is available in 8 diverse colourways.

Eclipse

Reinventing an intense texture that adds a contemporary point of interest, the Eclipse range will make a grand or subtle statement at the window. The 6 organic hues draws its inspiration from nature and the outdoors with its multi-tone yarn weave.

Provincial Linen

A sheer texture that is refined and delicate with a contemporary take on classic provincial style. Part of our designer series, the linen-like vertical variations in the yarn provide character and a rustic, tactile feel. Available in 6 monochromatic hues for a restrained elegance.
